At 10.04AM, Mr. Giovanni Gorno Tempini, in attendance, takes up the chair of the session pursuant to Article 10.6 of the By-Laws in his aforementioned capacity as Chairperson of the Board of Directors.

The Chairperson, calling the session to order, cordially welcomes the attendees, personally and on behalf of the Board of Directors and Board of Statutory Auditors, and thanks everyone for taking part in the Meeting; with great sadness, he informs shareholders of the recent passing of Honorary Chairperson Alberto Candela, a key figure in the company's history, who passed away on April 6, 2025 at the age of 86.

Alberto Candela dedicated more than sixty years of his life to F.I.L.A., in the roles of Chief Executive Officer and Chairperson; he led a period of far-reaching innovation in the field of writing, colour and drawing tools, promoting projects that have left an indelible mark on the history of the industry, such as the creation of the famous Tratto Pen, the Tratto Clip and the first Giotto markers, in addition to the conception of the make-up pencil that was fundamental to the development of the cosmetics division.

The Chairperson remembers him as a passionate, tireless visionary, able to combine creativity with passion.

For his unquestionable professional merits and contributions to the Italian economy and industry, Alberto Candela was also awarded the title of "Cavaliere del Lavoro" (Italian state honour for contributions to industry), a testament to the value and significance of his efforts.

The Chairperson extends his, the Board of Directors', and the Board of Statutory Auditors' sympathy to Chief Executive Officer Massimo Candela for his loss.

He then invites those present to observe a minute's silence in memory of the late Chairperson Alberto Candela.

The Chairperson then announces that, to the best of the Company's knowledge, no material shareholder agreements have been entered into pursuant to Article 122 of the CFA as at the date of the Meeting.

The Chairperson also recalls attention to Article 122 of the CFA, and particularly the fourth paragraph, which provides that voting rights relating to listed shares for which the publication obligations have not been satisfied pursuant to the first paragraph of that same Article 122 of the CFA may not be exercised.

The Chairperson continues with the process of calling the meeting to order, noting that:

The accounting situations drawn up for the purposes of preparing the consolidated financial statements by the subsidiaries of FILA formed under and subject to the laws of third countries to the European Union have also been made available to the public.

Since the publication obligations mentioned above have been fulfilled for all documentation relating to all items on the Agenda and the said documentation is available to all participants, the Chairperson proposes that a full reading of all the documentation, for all items on the Agenda, be omitted, and that only the motions and the most important content included in the Board of Directors' explanatory reports be read out.

No opposition is expressed.

The Chairperson announced that the individual votes will take place, through Monte Titoli S.p.A., as the Company's Appointed Representative, from whom he will ask, from time to time, the outcome of each vote, with the Chairperson also reserving the right to ask the same Appointed Representative general details for completeness of information and better reporting of the vote.

He also recalls that the Appointed Representative is allowed to cast differing votes, in view of the multiplicity of proxies given to him/her as a result of the aforemen-

tioned manner of conducting the Meeting.

Since the turnout of members cannot change during the course of the Meeting, the Chairperson announces that the capital present at the beginning of the Meeting will be the same as at the end of the Meeting, so he will not update this figure before each vote.

He notes that, pursuant to Regulation (EU) 2016/679 of the European Parliament and the Council (the “GDPR”), the details of the shareholders and other attendees of the Shareholders’ Meeting are collated and processed by the Company exclusively for the execution of the Shareholders’ Meeting and corporate requirements provided for in applicable legislation.

The Board of Directors, in view of the profit for the year, therefore proposes, subject to approval by the Shareholders' Meeting of the separate financial statements at December 31, 2024:

At this point, he passes the floor to the Chairperson of the Board of Statutory Auditors Mr. Gianfranco Consorti; after greeting all those present, the Chairperson of the Board of Statutory Auditors reminds those present that the Board of Statutory Auditors issued its Report on the Company's Financial Statements for the year ended December 31, 2024 pursuant to Article 153 of the CFA on March 28, 2025; this report has been made available to shareholders and the market, as previously mentioned.

As part of its oversight and control activities in 2024, the Board did not note any omissions, censurable matters, imprudent operations or irregularities, nor did any other significant facts emerge. The Chairperson thanks the Board, the Executive Directors and the heads of the various corporate functions for their customary co-operation during the year and concludes by once again acknowledging those present.

After thanking Mr Gianfranco Consorti for his address and extending particular thanks to the entire Board of Statutory Auditors for its work during the year just ended, the Chairperson invites me, the notary, to read out the draft resolution on this subject. =====

The Chairperson then moves on to the third item on the Agenda:

"3. Authorisation to purchase and dispose of treasury shares, subject to revocation of the previous authorisation granted by the Shareholders' Meeting of April 23, 2024 for any portion not executed; resolutions thereon"

With reference to this item on the Agenda of the Shareholders’ Meeting, the Chairperson presents for shareholder examination and approval the renewal of the authorisation to purchase and dispose of Fila treasury shares, in accordance with Articles 2357 and 2357-ter of the Civil Code and 132 of the CFA, following revocation of the previous authorisation granted by the Shareholders’ Meeting of April 23, 2024, for the part not executed.

In this regard, the Shareholders’ Meeting of April 23, 2024 authorised the Company (i) to purchase, on one or more occasions, on a rotating basis, a maximum of 500,000 ordinary Fila shares, or a differing number which represents 0.979% of the share capital for a period of 18 months from the motion date (i.e. until October 23, 2025), in addition to (ii) the undertaking of the disposal, without time limits, of treasury shares acquired and of any held in portfolio by the Company.

At today’s date, the Company holds 330,766 treasury shares, equal to approximately 0.648% of the share capital.

The Chairperson moves on to concisely outline the reasons for the authorisation request, as well as the terms and methods according to which the Company intends to carry out the implementation of the above plan for the purchase and disposal of treasury shares, which are substantially in line with the authorisation granted by the Shareholders’ Meeting on April 23, 2024.

1. Reasons for the requested authorization to purchase and dispose of treasury shares

The authorisation to purchase and dispose of treasury shares (the subject of this Agenda item) is requested, in general, to tap into any market opportunities which may arise in the future, and in particular to permit the Company to undertake the following transactions:

- a) to intervene, in compliance with the applicable provisions, laws and regulations, also through intermediaries, in support of the Fila share’s liquidity;

- b) to set up a reserve of securities to be utilised, in line with the company's strategic objectives, as extraordinary transactions, including exchange, transfer and swap transactions or in service of share capital transactions or other company transactions (such as, joint ventures or combinations) and/or financial transactions of an extraordinary nature in line with the interests of the company, in relation to which procedures for the exchange or sale, in any form, of shareholdings becomes necessary or beneficial;
- c) to allocate treasury shares in service of bond loans or other debt instruments convertible into company shares;
- d) to allocate treasury shares in service of incentive plans, for consideration or for free, for the Directors and/or employees and/or collaborators of the Company or companies belonging to the Group;
- e) to execute other corporate transactions on share capital (including any reductions of the share capital through the cancellation of treasury shares, as described in paragraph 7 below, subject to the applicable legal requirements);
- f) to offer shareholders an additional tool to monetise their investment.

The authorisation requested would permit the Board of Directors to carry out repeated and subsequent purchase and sales operations (or other acts of disposal) of treasury shares on a revolving basis, also for fractions of the maximum authorised quantity, so that the total number of treasury shares held by the Company does not at any time exceed the legal limit of 20% of share capital, and subject to the limits set by the authorisation which must be approved by the Shareholders' Meeting.

The Board of Directors also considers it necessary for the Company to undertake any acts of disposal of treasury shares purchased to enable the maximisation of the value that may be derived from market performance and, therefore, also to undertake trading activities, provided that these are in compliance with the law concerning market abuse.

2. Maximum number, class and nominal value of the shares to which the authorization refers

The Company's share capital amounts to Euro 46,985,772.68 and is divided into 51,058,297 shares, of which 42,976,441 ordinary shares and 8,081,856 special class B shares ("B Shares"), all without nominal value. The requested authorisation, as described in the Agenda item, exclusively covers ordinary shares of the Company.

Authorisation is requested to purchase a number of ordinary shares up to a maximum 500,000 units, or the different number overall representing no more than the maximum limit of 0.979% of share capital in the case of the approval and execution of increases and/or reductions in share capital during the duration period of the authorisation indicated in paragraph 4 below. Considering that at today's date, as previously noted, (i) the Company holds 330,766 treasury shares representing 0.648% of the Company's share capital, and (ii) no Fila subsidiary holds shares in the Company, by virtue of the aforementioned authorisation the Company may hold up to a maximum of 830,766 treasury shares or another number representing in total no more than the maximum limit of 1.627% of the share capital for the resolution and execution of capital increases and/or reductions during the term of the aforementioned authorisation.

By virtue of the requested authorisation, the Board of Directors may purchase treasury shares in compliance with the laws and regulations in force and with the provisions of this Report and subject to any limitations set out in contracts to which the Company is a party.

3. Information for a comprehensive evaluation of compliance with the provisions of Article 2357, paragraph 1 and 3 of the Civil Code

The maximum number of shares to which the purchase authorisation under discussion refers is 500,000 ordinary shares, representing 0.979% of the Company's share capital. Therefore, authorisation to purchase the treasury shares under this proposal complies with the provisions of Article 2357, paragraph 3 of the Civil Code, according to which under no circumstances can the nominal value of purchased shares exceed 20% of the Company's share capital. Considering that at the Meeting date, (i) the Company holds 330,766 treasury shares (representing 0.648% of the Company's share capital), and (ii) no Fila subsidiary holds shares in the Company, by virtue of the aforementioned authorisation the Company may a maximum of 830,766 treasury shares or another number representing in total no more than the maximum limit of 1.627% of the share capital for the resolution and execution of capital increases and/or reductions during the term of the aforementioned authorisation.

In accordance with Article 2357, paragraph 1 of the Civil Code, the purchase of treasury shares must be within the limits of the distributable profits and available reserves from the latest duly approved financial statements.

The Board of Directors is required to verify compliance with the conditions set out by Article 2357, paragraphs 1 and 3 of the Civil Code to purchase treasury shares prior to carrying out each authorised purchase. In particular, the Board of Directors will verify the balance of available reserves immediately after the approval by today's Shareholders' Meeting of the financial statements for the year ended December 31, 2024.

On the purchase of shares or on their disposal, exchange, transfer or devaluation, the appropriate adjustments must be carried out in the accounts, in compliance with applicable legal provisions and accounting standards. In the case of disposal, exchange, transfer or devaluation, the amount can be reutilised for further purchases, until the expiry of the authorisation period of the Shareholders' Meeting, subject to the amount and expenditure limits, and the conditions established by the Shareholders' Meeting.

4. Duration of the requested authorisation

The authorisation to purchase treasury shares is requested for the maximum permitted duration under Article 2357, paragraph 2, of the Civil Code and therefore for a period of 18 (eighteen) months from the date of any approval of this proposal by the Shareholders' Meeting. During this period, the Company can carry out the transactions on treasury shares, provided for herein, in one or more tranches.

The authorisation to sell, dispose and/or utilise treasury shares which will be purchased is requested without time limit, in consideration of the absence of legal constraints in this regard and the opportunity to be given maximum flexibility, also in terms of the timeframe, for their possible disposal.

5. Minimum and maximum purchase price

The Chairperson proposes that the unitary price for the purchase of the shares is established on a case by case basis for each transaction, subject to the consideration that such may not be higher or lower than 10% the recorded price of the Fila share for the trading session preceding each purchase transaction.

As regards the price for the disposal of purchased treasury shares, it is proposed that the Shareholders' Meeting decides only on the minimum price, and that it grants the Board the power to determine, on a case by case basis, any additional condition, method and terms of the act of disposal.

This minimum price may not be lower than 10% of the recorded price of the share for the trading session preceding each sales transaction. This price limit shall not, however, be applied: (i) in the case of executing transactions in relation to which it is beneficial to exchange or sell shareholdings also to be carried out through a swap or transfer or during share capital operations involving the allocation or disposal of treasury shares (such as, by way of example, mergers, spin-offs, issue of convertible bonds or warrants served by treasury shares); (ii) in the case of sale or allocation, including free allocation, in favour of Directors, employees and/or collaborators of the Company and/or its subsidiaries to implement incentive plans.

6. Manner by which the purchases and acts of disposal will be made

In consideration of the various goals pursuable through treasury share transactions, the Board proposes that authorisation is granted for purchases to be made according to any means permitted by the pro-tempore applicable legislation and regulations, to be identified on a case by case basis at the Board's discretion and, therefore:

- (i) through a public purchase or exchange offer;
- (ii) with purchases to be carried out on regulated markets according to the procedures established by Borsa Italiana S.p.A., which do not allow the direct subscription of a purchase trading proposal with a corresponding predetermined sales proposal;
- (iii) through the purchase and sale of derivative instruments traded in regulated markets or multilateral trading facilities which involve the physical transfer of underlying shares at the conditions established by Article 144-*bis*, letter c) of the Issuers' Regulation;
- (iv) through the proportional grant of call options to shareholders;
- (v) in the performance of systematic internalisation according to non-discriminatory methods and involving the automatic and non-discretionary execution of transactions based on preset parameters;
- (vi) according to the means established by market practices permitted by Consob as per Article 13 of Regulation (EU) No. 596/2014;
- (vii) at the conditions indicated by Article 5 of Regulation (EU) No. 596/2014.

With regard to disposal transactions, the Chairperson, jointly with the Board of Directors, proposes that the authorisation permits the adoption of any means considered appropriate to serve the purposes pursued, including sale outside of the regulated market. The Board of Directors also requests authorisation to carry out subsequent purchase and sale transactions for trading activities.

Finally, in accordance with the exemption indicated in Article 132, paragraph 3 of the CFA, the above operating procedures do not apply in the case of a purchase of treasury shares owned by employees of the Company, its subsidiaries or parent companies and are assigned or subscribed in accordance with Articles 2349 and 2441, paragraph 8 of the Civil Code, or stemming from remuneration plans approved pursuant to Article 114-*bis* of the CFA.

7. Further information, where the purchase is instrumental for the reduction of the share capital through the cancellation of treasury shares acquired

The purchase of treasury shares is not intended to reduce the company's share capital, without prejudice to the Company's right, where a reduction in share capital is approved by the Shareholders' Meeting on a future date, to execute such a reduction by cancelling treasury shares in portfolio.

At this point, having been given the floor by the Chairperson, I will read the motion concerning this Agenda item:

"The Ordinary Shareholders' Meeting of F.I.L.A. - Fabbrica Italiana Lapis ed Affini S.p.A.

- **having examined the Board of Directors' Report, prepared in accordance with Article 125-ter of Legislative Decree No. 58 of February 24, 1998 (the "CFA") and Article 73 of the Consob Issuers' Regulation and in conformity with Annex 3A, Schedule No. 4, of the same Regulation;**

a. the purchase may be carried out according to one of the methods envisaged by the combined provision in Article 132 of the CFA and Article 144-bis of the Consob Issuers' Regulation, taking into account the specific exemption provided by paragraph 3 of Article 132 of the CFA and, in any case, with any other means permitted by applicable legal and regulatory provisions;

b. the unitary share purchase price may not be higher or lower than 10% of the official price recorded for the trading session preceding each purchase transaction;

c. it remains understood that - considering that at today's date the Company holds 330,766 treasury shares in portfolio (representing 0.648% of the Company's share capital) - by virtue of this authorisation the Company may hold up to a maximum of 830,766 treasury shares or another number representing in total no more than the maximum limit of 1.627% of the share capital for the resolution and execution of capital increases and/or reductions during the term of the aforementioned authorisation;

a. the shares may be disposed of or transferred at any time without time

limit;

b. disposal transactions may also be undertaken before the purchases have been fully completed and may take place on one or more occasions in the manner considered to be most beneficial to the Company, establishing that disposal may occur: (i) through the disposal of ownership of treasury shares, or through the transfer of any real and/or personal rights relating to them (ii) through sale on the market, including through trading activities, or outside the regulated market, (iii) through disposal or allocation, including free allocation, in favour of directors, employees and/or collaborators of the Company and/or its subsidiaries, in implementation of incentive plans, (iv) through another act of disposal, as part of transactions in relation to which it is considered beneficial to swap or sell shareholdings, including through exchange or transfer, (v) during share capital transactions involving the allocation or disposal of treasury shares (such as, by way of example, mergers, spin-offs, issue of convertible bonds or warrants served by treasury shares), or in the case of distribution of dividends, or, finally (vi) under any other form of disposal permitted by applicable law, granting the Board of Directors the power to establish, on a case by case basis in compliance with legal and regulatory provisions, and with the methods and conditions that are considered most beneficial;

4. to confer to the Board of Directors, with the express right of delegation, the widest powers necessary or appropriate to execute this resolution, including by means of authorised intermediaries and approving any and all executive provisions of the relative acquisition programme."

The Chairperson asks the Appointed Representative to cast the votes; the Appointed Representative casts the relevant votes. With the usual tallies, the Chairperson declared the proposal read as approved, specifying the result as follows:

The Chairperson then moves on to the fourth and final item on the Agenda:

“4. Incentive plan for the period 2025-2029 concerning ordinary shares of F.I.L.A., called "2025-2029 Performance Shares Plan" reserved to employees and/or Senior Directors of F.I.L.A. - Fabbrica Italiana Lapis ed Affini S.p.A. and/or other Group companies; resolutions thereon”

Moving to the fifth and final item on the Agenda, the Chairperson presents to shareholders the proposal, pursuant to Article 114-*bis* of the CFA, for an incentive plan called the "2025 - 2029 Performance Share Plan", reserved for employees and/or Senior Directors of the Company and/or of the other companies belonging to the group it heads, to be executed through the free allocation of Fila ordinary shares to the beneficiaries.

The ordinary shares (the "Shares") serving the 2025-2029 Plan will derive from transactions involving the purchase, on one or more occasions, of treasury shares carried out pursuant to Articles 2357 and 2357-*ter* of the Civil Code.

The Chairperson reminds the shareholders that the prospectus on the 2025-2029 Plan, drawn up as per Article 84-*bis* and in compliance with Annex 3A of the Issuers' Regulation, was made available to the public in accordance with applicable law and regulations and is available on the company website (www.filagroup.it), in the "Governance" section, and on the "EMARKET STORAGE" authorised storage mechanism (www.emarketstorage.com).

1. Reasons for the adoption of the 2025-2029 Plan

The 2025-2029 Plan shall be one of the instruments used by the company and the Group to supplement the fixed remuneration component of the key personnel for the execution of the Company and Group development and growth plan through variable components based on the achievement of certain performance targets, both quantitative and qualitative, and in accordance with best market practices. In particular, the Company considers a rolling share-based incentive plan, with specific performance targets, as the most effective management incentive and loyalty instrument and one which responds to the interests of the company and of the Group. The adoption of the 2025-2029 Plan, in Fila's opinion, seeks to (i) align the interest of management with those of shareholders, (ii) reward the achievement of the business plan targets of the Group for the five-year period 2025-2029 and (iii) retain strategic personnel.

2. The members of the Board of Directors of the Company, parent companies or subsidiaries who will benefit from the 2025-2029 Plan

At today's date, the following members of the Board of Directors of the Company were identified as beneficiaries of the 2025-2029 Plan, subject to its approval by this Shareholders' Meeting:

- Massimo Candela, Chief Executive Officer of Fila;
- Luca Pelosin, Executive Director of Fila.

3. Categories of employees or collaborators of the Company and of the parent companies or subsidiaries who shall benefit from the 2025-2029 Plan

At today's date and in addition to the above, the following were identified as benefi-

ciaries of the 2025-2029 Plan, subject to its approval by this Shareholders' Meeting:

- 5 Senior Executives, i.e. Group executives with the power and responsibility, directly or indirectly, for planning, directing and controlling company and/or Group activities;
- 36 Senior Managers, i.e. employees of the Company and Subsidiary Companies who occupy positions identified for the long-term business growth and sustainability of the Group.

without prejudice to the right of the Fila Board of Directors to identify, if necessary, additional beneficiaries of the 2025-2029 Plan for the various three-year cycles. We note that some of the beneficiaries of the 2025-2029 Plan currently serve as members of the Board of Directors of the Subsidiary Companies. These Executives are not identified by name because their inclusion among the beneficiaries of the 2025-2029 Plan does not depend on the positions they hold in the companies mentioned above, since they are included in the Plan exclusively on the basis of the managerial role (Senior Executives or Senior Managers) entrusted to them within the Group.

4. 2025-2029 Plan implementation means and clauses

The 2025-2029 Plan comprises three annual share allocations ("rolling" plan), each of which corresponds to a three-year vesting period (2025-2027 for the first cycle, 2026-2028 for the second cycle and 2027-2029 for the third cycle). At the beginning of each three-year vesting period, beneficiaries of the 2025-2029 Plan will be granted the right to receive, free of charge, a certain number of ordinary shares of the Company, to the extent of, on the terms of and subject to the conditions set out in the Plan Regulation, subject to the achievement of certain performance targets. The level of achievement of these targets will be assessed by the Board of Directors, with the support of the Remuneration Committee, at the end of each three-year vesting period (i.e., December 31, 2027, December 31, 2028 and December 31, 2029).

Specifically, except as described below, the free allocation of shares is linked to the fulfilment of the following conditions:

- (i) the continuance, on the Share Allocation Date for each cycle of the 2025-2029 Plan, of the individual's status as beneficiary, of the position of employment or management of the beneficiary with a Group company and the beneficiary's continuing qualification as a company Executive Director or as a Senior Executive or Senior Manager of the Group;
- (ii) the achievement of the minimum performance targets.

Once satisfaction of the conditions for allocation of the Shares as indicated above has been verified, the Board of Directors, with the support of the Remuneration Committee, establishes the number of Shares to be allocated to each beneficiary of the 2025-2029 Plan, on one occasion, on the basis of the achievement of the performance targets set out below for each vesting period.

- (i) quantitative target (relative weighting 70%): achievement of the Group's average ROI () for each three-year vesting period.

The economic and financial performance indicator and associated targets are linked to the consolidated Group business plan for all beneficiaries of the 2025-2029 Plan.

The Shares to be allocated to each beneficiary of the 2025-2029 Plan in the case of achieving the quantitative target shall be calculated, by the Board of Directors with the support of the Remuneration Committee, on the basis of the criteria set out in the 2025-2029 Plan prospectus made available to shareholders, and to which the Chairperson makes reference.

If the quantitative performance target (average ROI for each three-year vesting period) is achieved, it is expected that:

- where the performance is below 90.00% of the target, no shares relating to the quantitative target shall be allocated;
- where the performance is between 90.00% and 92.50% - lower range included - of the target, 20% of the shares in relation to the quantitative target shall be allocated,
- and so on, as further detailed in the aforementioned prospectus, until the final "bracket", based on which:
- where the performance is equal to or above 110% of the target, 200% of the Shares in relation to the quantitative target shall be allocated;

The quantitative target (average ROI for the three-year period) will be calculated by taking into account the standardisation criteria agreed upon with the auditors and in line with the definitions stipulated in the Company's loan agreements and a consolidation scope matching that indicated in the reference plan.

(ii) qualitative target (relative weighting 30%) implementation of at least 80% of the targets set out for each three-year vesting period in the Group's sustainability plan in place during those periods.

30% of the shares will be allocated upon achievement of the following qualitative Group target, i.e., implementation of at least 80% of the targets set out in the sustainability plan approved by the Board of Directors and applicable during each vesting period.

For all the Beneficiaries of the Plan, this target is measured through an "on/off" mechanism; therefore, in case of achievement of the performance target to an extent greater than 100%, the Beneficiary will be entitled to be allocated a number of Shares equal to and never exceeding 100% of the Base Number of Shares.

The qualitative target applies for all Plan beneficiaries.

The Shares to be allocated to each beneficiary of the 2025-2029 Plan, in the number established as above, shall be made available to each beneficiary of the 2025-2029 Plan according to the terms and means established in the Plan regulation and, in particular, not beyond 60 calendar days from approval by the Board of Directors of the consolidated financial statements of the Company for the final year of each three-year vesting period. The Shares subject to allocation shall have full rights and, therefore, the attached rights devolve to each beneficiary of the 2025-2029 Plan from the point at which they become holders of the Shares.

The Board of Directors has determined the maximum total number of Shares to service the three cycles of the 2025-2029 Plan as 1,000,000. The Shares serving the 2025-2029 Plan will derive from transactions involving the purchase, on one or more occasions, of treasury shares carried out pursuant to Articles 2357 and 2357-ter of the Civil Code, and the implementation of the 2025-2029 Plan will therefore have no effect on Fila's share capital.

For both Performance Targets, the Board of Directors has the authority to disburse to the beneficiaries of the 2025-2029 Plan a sum of money equal to the value of Shares payable and at their normal value to the Beneficiary, determined as per Article 9 of Presidential Decree 917/1986. This authority is granted to the Board of Directors only in cases in which specific circumstances relating to the beneficiary and/or for reasons of a regulatory, fiscal, market or economic nature (value of the shares allocated to the individual beneficiary, determined in accordance with Article 9 of Presidential Decree 917/1098, less than Euro 10,000) render, in the Company's reasonable opinion, the Share Allocation process more onerous for the company and/or the beneficiaries.

It should also be noted that the Board of Directors shall have the power, having con-

sulted the Remuneration Committee, to make amendments or additions to the 2025-2029 Plan regulation, within the scope of the powers conferred by the Shareholders' Meeting and in the most appropriate manner, as it deems useful or necessary to better pursue the incentive and loyalty purposes of the 2025-2029 Plan as well as to maintain the substantial and economic contents of the 2025-2029 Plan unchanged, within the limits allowed by the legislation applicable from time to time, taking into account the interests of the Company and of the beneficiaries, for each vesting period.

The Board of Directors may, independently and without the need for further approval from the Shareholders' Meeting, and having consulted the Remuneration Committee, make all the changes and supplements to the 2025-2029 Plan that are considered necessary and/or beneficial to maintain the Plan unchanged - within the limits allowed by the legislation applicable from time to time - and to continue to apply its essential and economic content in the case of: (i) corporate transactions on the Company's share capital; (ii) merger or spin-off transactions, acquisition or sale of shareholdings, companies or business units; or (iii) legislative or regulatory changes or other events likely to affect the right to receive Shares, the Shares and/or the Company.
