F.I.L.A. S.P.A.: REFINANCING OF EXISTING DEBT COMPLETED

EXTENSION OF MATURITIES AND REDUCTION IN FINANCIAL CHARGES OVER THE TERM OF THE LOAN EXPECTED

Pero, 25 June 2026 – Fabbrica Italiana Lapis e Affini – F.I.L.A. S.p.A. (“**F.I.L.A.**” or the “**Company**”) announces that, today, following approval by the Board of Directors, the Company has entered into contractual agreements relating to a medium- to long-term refinancing transaction (the “**Transaction**”) for a total amount of €200 million and US\$25 million, in addition to a revolving credit facility (“**RCF**”) of €40 million, to replace existing structured debt amounting to approximately €212 million. The Transaction will enable F.I.L.A. group (“**Group**”) to streamline its debt structure, resulting in an overall reduction in financial expenses over the entire term of the facility.

This initiative forms part of the Group’s efforts to optimise its financial structure and is aimed at the early refinancing of existing medium- to long-term debt ahead of its current contractual maturities, with the aim of extending the overall duration of the debt and further strengthening the Group’s financial flexibility. In particular, the Transaction will improve the financial terms applied to the existing debt and redefine its repayment profile more efficiently, enabling the Group to have a financial structure more consistent with its strategic development and growth objectives in the medium to long term.

More specifically, the Transaction will extend the final maturity date for the repayment of the existing financial debt to 2031, whilst benefiting from financial and contractual terms that are, on the whole, more favourable than those currently in place.

The Transaction is expected to close by the end of June 2026.

The financing will be provided to the Company and its subsidiary Dixon Ticonderoga Company by a pool of leading Italian and international banks and will consist of three term credit facilities, as well as a revolving credit facility (RCF), all maturing in 2031.

The pool of lenders involved in the Transaction comprises:

- Banco BPM S.p.A., Banca Nazionale del Lavoro S.p.A., Intesa Sanpaolo S.p.A., Mediobanca Banca di Credito Finanziario S.p.A., Mediobanca International (Luxembourg) S.A., JPMorgan Chase Bank N.A., London Branch and Cassa Depositi e Prestiti S.p.A., as original lenders;
